

Executive Summary — UjenziXform TIS ↔ KRA eTIMS

Applicant: UjenziXform Solution | **TIS v1.0.0 OSCU** | **Ref:** UJX-TIS-KRA-ARCH-2026-001 | **Date:** 3 June 2026

Address: Barngetuny Plaza Left Wing 3rd Floor Room 10, Ronald Ngala Street, Eldoret. P. O. Box 4146 - 30100 Eldoret

Status: Applying for KRA eTIMS sandbox — not yet assigned; not yet certified

Purpose

UjenziXform applies as a **potential third-party TIS integrator** and requests sandbox access at `https://etims-api-sbx.kra.go.ke`. This pack documents **how TIS will integrate with KRA eTIMS** once credentials are issued.

Platform

UjenziXform is a Kenya construction materials marketplace. **TIS** fiscalises **supplier sales** via purchase orders — KRA response becomes the tax receipt with QR verification.

Integration

PO confirmed → purchaseOrderEtims → etims-proxy → POST /invoices → KRA eTIMS → fiscal receipt

Each invoice uses the **supplier's KRA PIN** as traderTin. Credentials stay in Edge secrets only.

Key flows (after sandbox assignment)

Flow	Endpoint
OSCU init	POST selectInitOsdclInfo
Sales invoice	POST /invoices (type S)
Credit note	POST /invoices (type R)
Master data	POST /items, POST /customers

Readiness

Item	Status
TIS software (proxy, mapping, receipt, audit)	Ready for sandbox testing

KRA sandbox credentials	Pending — this application
Integrator certification	After sandbox tests

Enclosed

Cover letter · Full architecture v3.3 · Sample SalesReq appendix · Flow diagrams

Brand: UjenziXform only
